

## Pain Diary

This pain diary will help you track the usage of your pain medications.

Pain medication	Dosage

The pain scale is used to rate your pain level from 0 to 10 (0 is no pain and 10 is the worst pain).

Date	Time	Pain level before medication (0-10)	Medication taken	Pain level after medication (0-10)

To print your own copy, please go to <u>www.rvh.on.ca</u> and type in "pain diary" in the search bar.

Date	Time	Pain level before medication (0 to 10)	Medication taken	Pain level after medication (0 to 10)
